"America has a half-million reasons to be optimistic about the future: the half-million newspaperboys who are on their way to being the future leaders of our Nation.

"These youngsters learn the importance of responsibility, the value of money, and the great opportunities a free system like ours offers to its people.

"Many of these boys put a regular part of their weekly earnings into Savings Bonds and Stamps. And, since 1941, many of them have promoted Bonds and Stamps to their customers—to help keep America strong and free.

"We can be mighty proud of our newspaperboys and of the part they're playing in the future of freedom."
